Summery

- I am a Full Stack Web Developer skilled in creating scalable and user-centric web applications. Proficient in front-end and back-end technologies, including React, Node.js, and MongoDB, I have a good track record of building responsive designs and delivering projects under tight deadlines. My passion lies in learning and implementing the latest evolving web development trends.

Experience

WEB DEVELOPER | HASH HACK CODE | 09/2022 – 05/2024

I was responsible for designing, developing, and optimizing interactive web applications using React.js .I collaborated closely with UI/UX designers , and product teams to transform wireframes into responsive, pixel-perfect interfaces. My daily tasks included implementing modern HTML5, CSS3, JavaScript (ES6+), and Tailwind CSS / Bootstrap / Material UI to create seamless user experiences.
